**Subject:** Diamond Alkali Superfund Site

Hi Liz. I hope you are well. I left you a voicemail earlier today and just wanted to follow up with an email to explain what it is I am looking for. We have been reviewing some of the documents that Harry Clayton and I received after our FOIA review. One of the things that Harry and I had been looking for was whether or not there was any Memorandum of Agreement (if that is the correct terminology), or some form of inter-departmental memo, between EPA Region II and NJDEP which addresses the roles/responsibilities/interaction between the agencies with respect to this Site. I do not know if there would be one that specifically addresses this Superfund site, or whether there is a more general agreement that covers all NJ Superfund sites. In any event, Harry and I did not find such a document during our FOIA review, and so I am wondering if you have any suggestions on where to look, or if you can provide such a document, or if one even exists. Any information that you can provide is greatly appreciated. Thanks. Have a great weekend!

Regards,

Adam
